New Unemployment Calculations

IDES is warning employers that the U.C. percentage may stop being a percentage in the 100's position (12.42 or 3.40) and it may start requiring percentages in the 1000's position (12.421 or 3.409).

PZP allows the entries of 99.9999 so we are covered by the new U/C rules. We are ready and capable. No update is required.

Memorial Day May 31st

A new feature of LOCIS 7 is Label Print. This program will allow you to pick the accounts you want a label printed for. You can choose all accounts and delete the ones you don't want a label for or choose the one account you need a label for. An example is in the Utility Billing Account Maintenance. Click on the magnifying glass for a lookup.

The following screen will appear.

Left click on Account button and choose a "0" (zero) in the Lookup Value and then Display. All accounts will be displayed and you can pick and choose what accounts you want to print labels for.

The next screen to appear is a display box asking you the Question:

Active Accounts (if present) Yes or No

Closed Accounts (if present) Yes or No

Inactive Accounts (if present) Yes or No

Address the label in the same format the bills go out (Bill to, Renter then Owner).

Line Spaces?

Favorite?

Include ID Column on label? Top Offset? (144 = 1 line down and -144 equals one line up)

This list is 100% sortable. Your labels will print in the order you sort them.
Double Click a line to remove them from the label print run. Right Click a line to insert 'Filler' labels (so your label can print further down the page).

The Mail Bag

LOCIS 7.0

Utility Billing

Question: I'm trying to write off a utility customer with multiple open dates. When I enter Adjustments Entry (UAE), do I have to adjust each bill?

Answer: No, in adjustments entry (UAE), you can make an unapplied adjustment to the current date for the total amount of the write-off and run unapplied cash process (UUCP) to have the credit distributed. Remember, when you enter the dollar/cents amount don't forget to type a minus sign. There is also a comment field for the adjustment.

Question: Someone, by mistake, entered/created a new utility billing account number UM...0000. I need to delete it. The status says closed, the balance on the account is zero and there is no history and no rates. What do I do?

Answer: Go into (UM) Utility Master and bring up that account #UM...0000. Click on the down arrow and change the status to active. As long as the balance is zero you can left click on the DELETE button.

Other

Question: Where can I find the directions for Fiscal Year End process?

Answer: Go to our website www.locis.com and go under the classes tab scroll all the way down and find FYE, where both Locis 6.0 and 7.0 are available.

Question: I want to set up new identity theft questions. Where do I go?

Answer: Go to the Main Menu screen, click on LOCIS, then Locis setup, then Identity theft challenge questions (LRED). Type in the question and Add/Save. If you want to delete a question double click on it and click on the delete button.

Question: I want to change my screen colors. Where do I go?

Answer: Go to the main menu screen, click on LOCIS, then on Change the screen colors (LCOLOR).

Question: Where is the Reminders Setup/Maintenance (ZMDR) in 7.0?

Answer: Go to the main menu screen, click LOCIS, then Locis Reminders Maintenance (ZMDR).
